

PRODUCT DESCRIPTION

- Use:** A smooth, cone-shaped boot, for traditional or split-pipe flashing applications to securely seal the penetration. Pipe boots eliminate the need for field fabrication.
- Material:** Flexible, smooth, non-reinforced TPO (thermoplastic polyolefin) cone-shaped boot with preformed flange.
- Colour:** Grey, White

LIMITATIONS

Each boot has a cutting guide for easy reference and diameter measurements. Do not install Nuraply TPO Pipe Boots in direct contact with asphalt. Refer to the Nuraply TPO application instructions and detail drawings.

PACKAGING AND DIMENSIONS

Sizes*	2.5cm to 15.2cm
Thickness	1.52mm
Weight per Boot	0.38kg

*Standard size pipe clamps covering the largest possible range (15.2cm diameter) are included for each pipe boot. Dimensions less than 3.8cm diameter may require alternative clamps.

STORAGE

Store indoors, out of direct sunlight, and keep clean and dry prior to application.

WARRANTY INFORMATION

Approved for use in any Nuraply TPO Membrane Warranty.
